Read: the matter with regard to assessment of the physical and the other teaching facilities available for establishment of a new medical college at Koppal, Karnataka by Government of Karnataka under Rajiv Gandhi University of Health Sciences, Bangalore, Karnataka u/s 10A of the IMC Act, 1956 for the academic year 2014-15.

The Executive Committee of the Council considered the Council Assessor report (15th & 16th May, 2014) and noted the following:-

1. Land: The college is set up on 2 pieces of land – one plot of 12 Acres & another of 15 Acres. However Establishment of Medical College Regulations stipulate the plot has to be unitary except as shown below:

Qualifying Criteria 2(2)

“

Provided further that in hilly areas, notified tribal areas, North Eastern States and Union Territories of Andaman and Nicobar Islands, Daman and Diu, Dadra and Nagar Haveli and Lakshadweep establishment of medical college shall be allowed on two pieces of land comprising minimum of 20 (twenty) acres of land. However, one plot of land shall not be less than 10 (Ten) acres and the second plot of land shall not be less than 5 (five) acres. The distance between two pieces of land shall not be more than 10 (ten) kilometer with well-connected road and the medical college shall provide free transportation facility for students and staff. The hospital shall be on one piece of land and the building of the college including library and hostels for the students, interns, PGs/Residents, nurses may be housed on any of the two pieces of land.”

2. Building Permissions: The plans for the college have been drawn but have not yet been signed by Chief Engineer. Water for the project is proposed to be drawn from 5 bore wells to be dug on the plot but permissions for sinking of the wells is still awaited. Sewage treatment plant has to be constructed but for this more space has to be acquired as in the present plan adequate space is not available for STP.
3. Director's office space is shared with Medical Superintendent's office.
4. Lecture Theater: No lecture theater is available. There is space for only 1 lecture theater which is not furnished, not of gallery type and with no Audiovisual aids. It is actually a store house which will be converted into lecture theater in due course.
5. Central Library: There is no functional library. What is designated as library is a room of 70 sq.m. which is unfurnished, is not air conditioned and does not have separate reading rooms. There are no books and journals.
6. Central Photography Unit is not available.
7. Students' Hostel: There is no hostel in the campus. Proposed Boys' hostel is located 10 km. away in Animal Husbandry building. It is not furnished. Transport is not available. There is no girls' hostel.
8. Residents' Hostel: Not available.
9. Quarters: There are 7 quarters for faculty & 8 for non-teaching staff against requirement of 12 for faculty & 20 for non-teaching staff as per Regulations.
10. Nurses' Hostel: There are 10 quarters available against requirement of accommodation for 34 nurses.
11. OPD: Separate counters for registration for OPD / IPD are not available. There are only 2 counters located on ground & I floor but only those on ground floor are functional. They are not computerized. There is only 1 examination room for all the departments (except O.G. which has 2 rooms) instead of 4 required for major departments. No teaching area is available. There is no separate ECG room. Minor O.T. is more of a dressing room. ENT OPD is not operational as no staff is available.
12. Dark room & Dressing room are not available in Ophthalmology.
13. Audiometry & Speech Therapy are not available.
14. Wards: At present only 98 beds are operational; against requirement of 300 beds. Wards are not distributed department wise. Only 4 wards are operational – Paediatrics, O.G., Male Medical & Female combined ward. Other 144 beds are available but not operational. Total of these two comes to 242 beds which is less than 300 beds required for a hospital to be set up as a teaching hospital. Hence qualifying criteria pertaining to beds is not fulfilled.
15. Clinical Material: It is grossly inadequate as under:
 - (a) OPD attendance: Daily average is 286 against requirement of 600. On day of assessment it was 240.
 - (b) Bed Occupancy: 26 % on day of assessment against requirement of 60 %.
 - (c) Operative Workload: Daily average : (i) Major: 1-2 / day; (ii) Minor: 4 /day. Major operative workload comprises mostly of LSCS. No other Surgical work worth mentioning occurs in the hospital.

- (d) Radiological Investigations: (i) Plain X-rays: .Daily average: 4 / day; (II) USG: Nil.
- (e) Laboratory Investigations: Total 40 patients came for various tests on day of assessment. Histopathology & Cytopathology workload is Nil.

77. **Teerthankar Mahavir Medical College, Moradabad – Show Cause - Reg.**

Read: the matter with regard to Teerthankar Mahavir Medical College, Moradabad – Show Cause.

The item regarding Teerthankar Mahavir Medical College, Moradabad – Show Cause, was taken up by the Executive Committee of the Council. The detailed note prepared by the Law Officer of the MCI also setting out therein the relevant dates and events, were also perused. The perusal thereof reveal that it was on 23.3.12 that a show cause notice had been issued to the College. The Board of Governors nominated by the Central Govt. – when the show cause notice was still pending, had proceeded to:-

- (a) grant Letters of Permission (LOPs) with respect to certain Postgraduate Medical Courses in this College on 31.3.12, i.e. within one week from the issuance of the show cause notice. This was further before the grant of recognition to this College for the MBBS degree.
- (b) Recommendation was made on 15.6.12 to the Central Govt. for grant of annual renewal for the 5th batch of 100 MBBS admissions in this College.
- (c) Proceeded to make recommendations to the Govt. of India for grant of recognition to MBBS degree awarded by this College. The recognition was granted on 11.3.13.
- (d) Granted Letter of Permission on 31.3.13 for increase in seats from 2 to 3 admissions annually in the PG medical courses of MD (Community Medicine) and MD (Pharmacology).

During all this while, the reply to the show cause notice dated 23.3.12 had not been finalized and had been kept pending in the office of the Council. It was on 20.11.12 that the Vigilance Section of the Council had put up the response of the CBI to the effect – “no proceedings against the college is pending in CBI, ACB, Ghaziabad, at present”. A Sub Committee had been formed by the Board of Governors for considering the reply of the college and to make recommendations. The Sub Committee instead of carrying out the assigned task, had decided to refer the matter back to the full Board of Governors. The Board of Governors nominated by the Central Govt. with whom the matter of show cause

notice to this college – did not decide the matter and the show cause notice had been kept pending during the period from 23.3.12 till December 2013.

In the meanwhile, this College which had been inspected time and again by the inspection teams sent by the erstwhile Board of Governors nominated by the Central Govt. on the basis of those inspection reports, had been recommended by the Board of Governors for renewal of permission for – (i) 5th batch of 100 MBBS admissions, (ii) for recommendations for LOP for starting certain PG medical courses, (iii) for recognition of MBBS degree and also (iv) for increase in the annual intake capacity of PG medical courses.

It may also be relevant to notice here that for considering any application of a medical institution for starting any PG medical course, requiring an inspection of the college for that purpose, i.e. for grant of Letter of Permission for starting PG medical courses, the college is also inspected for satisfying that the college continues to fulfil infrastructural, teaching and other requirements for the MBBS course for which it is granted recognition.

The file of this institution reveals that when the inspection of this college had been carried out in 2008, a total faculty 96 as per the minimum requirement regulations of the MCI, was required by this college. The inspection by the MCI had revealed that this institution was actually having 123 number of faculty members. The allegation with regard to dubious and doubtful faculty members was with regard to 14 number of doctors. Even when the said number of dubious / doubtful doctors are excluded from consideration, it was observed that this institution had fulfilled the minimum requirements laid down as per the MCI norms.

It would, therefore, be a matter of record for this institution that in the year 2008, it was found to be fulfilling the minimum requirements for the required number of faculty members even after excluding the dubious / doubtful doctors. After 2008 and during the period from 2008 till 2013 the college has been inspected by the inspection teams of the MCI (some of the inspections being surprise inspections), on a number of occasions and they had not found this institution employing teachers with fake/forged documents.

Insofar as doctors with dubious / doubtful documents found in the year 2008 in this medical institution, the Executive Committee of the Council decided to refer the names of these doctors to the Ethics Committee of the Council for suitable action in accordance with the statutory regulations of the Council.

The Executive Committee of the Council also decided that wherever there is any inspection of any medical institution by the CBI and there are allegations against any such medical institution of employing doctors with fake / forged documents, however, in the subsequent inspections by the Board of Governors nominated by the Ministry of Health, Govt. of India, further permissions, renewals, recognition, grant of PG courses has already taken place then in those cases also the office of the Council should undertake the following exercise:-

(i) It should be found out whether after excluding the number of doctors with reference to whom it has been observed by the CBI that they were employed by the medical institution with fake / forged documents and the medical institution is still fulfilling the minimum requirements for the faculty members and that they have been granted permissions / renewals / recognition / permission for PG courses and / or for increase of seats etc. – it would not be open / permissible for the Council to take any action in that regard i.e. with reference to the permissions / renewals etc. already granted in favour of any such institution, however,

(ii) the names of doctors found to be employed by any such medical institution on the basis of fake / forged documents, should be forwarded to the Ethics Committee of the MCI for taking appropriate action against all such doctors, in accordance with the Ethics Regulations of the MCI.

Under these circumstances and having regard to the remarks given by the then Secretary (I/C), Consultant (Admn.) and Law officer in their Report and the comparative charge dated 24.05.12, providing item-wise details of Show-Cause and the written reply / submission of Teerthankar Mahaveer Medical College to the Show-Cause notice, it was found by the Executive Committee of the Council that the opinion given by the Law officer of the Council would deserve to be accepted. The Law Officer of the Council has opined that in these circumstances the show cause notice would deserve to be closed with the admonition / warning to the College. This recommendation of the Law Officer of the Council, under these circumstances, is accepted with the further direction that insofar as doctors with dubious / doubtful documents found in the year 2008 in this medical institution, the Executive Committee of the Council decided to refer the names of these doctors to the Ethics Committee of the Council for suitable action in accordance with the statutory regulations of the Council.

115. **Request for recognition as MCI Regional Center in Medical Education Technology (MET).**

Read: the matter with regard to requests for recognition as MCI Regional Center in Medical Education Technology (MET).

The Executive Committee of the Council accepted the recommendation of Chairman, Academic Committee which reads as under:

"The perusal of the office summary pertaining to the four requests for new regional centres reveals that only Kasturba Medical College Manipal, prima-facie fulfills the prescribed requirements pertaining to recognition of a medical college as the regional centre under the National Faculty Development Programme of the Council. The other three applicants are deficient on one or the other count(s). It may be processed accordingly for the approval of the President, Medical Council of India to be itemized for the consideration of the Executive Committee at its ensuing meeting."

For the present item, President, MCI recused herself since she had previously been Vice-Chancellor of Sumandeep Vidyapeeth University, Vadodara and therefore the Vice-President chaired the meeting for this item.

116. **Complaint against the MCI officials with regard to the processing of application for increase of MBBS seats from 150 to 250 at SBKS Medical College, Piparia, Vadodara, Gujarat.**

Read: The complaint against the MCI officials with regard to the processing of application for increase of MBBS seats from 150 to 250 at SBKS Medical College, Piparia, Vadodara, Gujarat.

The Executive Committee of the Council considered the matter with regard to complaints against the MCI officials and processing the application for increase of MBBS seats from 150 to 250 at SBKS Medical College, Piparia, Vadodara, Gujarat from Mr. Chaman Bhai Patel and Mr. Kanti Bhai Patel, Gujarat Bhawan, New Delhi forwarded by the Central Vigilance Commission to CVO, MCI and noted that the complaint by Mr. Chaman Bhai Patel has no address for communication whereas in the case of 2nd complaint no person by the name of Mr. Kanti Bhai Patel could be traced on the address provided in the complaint.

The Committee further perused the CVC guidelines with regard to action to be taken in case of anonymous/pseudonymous petitions/complaints as per para 3(v) of the Ministry of Personnel, Public Grievances & Pensions, Department of Personnel & Training Resolution No. 371/20/99-AVD.III dated 4th April, 1999 as well as CVC instruction No. 3(v)/99/2 dated 29th June, 1999 and No.98/DSP/9 dated 11.10.2002 and noted that as per these guidelines no action is to be taken by departments/organizations, as a general rule, on anonymous/pseudonymous complaints received by them.

In view of above, the Committee decided to treat the matter as closed since both the complainants proved to be pseudonymous.

The President, MCI again chaired the meeting.

117. Consideration of letter dated received from the Central Govt., Ministry of Health & FW with regard to application of Institute of Medical Sciences & SUM Hospital, Bhubaneswar for increase intake from 100 to 150.

Read: The letter dated received from the Central Govt., Ministry of Health & FW with regard to application of Institute of Medical Sciences & SUM Hospital, Bhubaneswar for increase intake from 100 to 150.

The Executive Committee after considering the agenda item in the morning decided to seek opinion from the Law Officer as well as the Standing Counsel of the MCI in the matter immediately. Since the Standing Counsel was present in the council office he was requested to give his opinion on the further course of action in the matter.

The Executive Committee once again considered the agenda item in the evening by which time the Law Officer as well as the Standing Counsel had given their opinions, which were placed before the Executive Committee.

The Executive Committee after going through the opinions decided to process the application of the Institute of Medical Sciences and SUM Hospital, Bhubaneswar as well as Saraswati Institute of Medical Sciences, Hapur for increase of seats from 100-150 for the academic year 2014-15.

118. **Establishment of New Medical College at Visakhapatnam, Andhra Pradesh by Gandhi Institute of Technology & Management (GITAM), Visakhapatnam, Andhra Pradesh u/s 10A of the IMCAct,1956 for the academic year 2014-15.**

Read: The matter with regard to establishment of new Medical College at Visakhapatnam, Andhra Pradesh by Gandhi Institute of Technology & Management (GITAM), Visakhapatnam, Andhra Pradesh u/s 10A of the IMCAct,1956 for the academic year 2014-15.

The Executive Committee of the Council considered the matter alongwith letter dated 24.12.2013 from the Registrar, NTR University of Health Sciences, Vijayawada and letter dt. 27.12.2013 from Government of Andhra Pradesh and noted that the matter had already been disapproved and sent to the Central Government. Thereafter, the Council had received letter dated 10.02.2014 from the Central Government forwarding the representation of the college authorities which was placed before the Scrutiny Committee and the Committee disapproved the request/appeal of GITAM received through the Central Govt. and the Central Govt. was accordingly informed vide letter dt.11.03.2014. Thereafter, the Under Secretary, Ministry of Health & FW vide letter dt. 15.5.2014 had again forwarded letter from the Registrar, GITAM, Visakhapatnam, Andhra Pradesh dt. 15.03.2014 and another letter from the Vice Chancellor, GITAM dt.8.5.2014 requesting for reconsideration of the matter since the application was complete in all respect.

The Executive Committee also perused the legal opinion taken on the above representations which reads as under:

"I have perused the letter dated 10.05.2013 received from the Central Government, wherein the Central Government has requested the Council to take appropriate action as per the IMC Act and regulations made thereunder applicable to "Deemed to be University." The Central Govt. has also forwarded the representation dated 08.05.2014 of the College with this letter and College has inter alia claimed that it is a Deemed University under UGC Act and hence Dr. NTR University of Health Sciences Act is not applicable to it. It has also claimed that the MOHFW on the advice of Council has granted permission to various Deemed to be Universities establish Medical Colleges under their ambit. In it representation dated 15.03.2014, the applicant has drawn attention to the name of Institution that have deemed University status and have been granted LOP by the Central Govt. The Competent Authority may consider directing the UG Section to examine such cases, and see whether there were objections raised by State Government in those cases also.

2. *In this regard, on record is the State Government letter dated 27.12.13 in which it has requested asked the Council not to process the application for starting of MBBS course by GITAM Institute of Medical Sciences and Research, Vishakhapatnam without obtaining the consent of affiliation from Dr. N.T.R. University of Health Sciences, A.P., Vijayawada. The State Government has referred to section of Dr. NTR University of Health Sciences Act, 1986 [Act No. 6 of 1986] which has been quoted in the said letter and provides as under:-*

6. Jurisdiction and admission to privileges.

(1) no medical college in the state of Andhra Pradesh imparting education in health sciences shall, save with the consent of the University and the sanction of Government be associated in any with or seek admission to any privileges of any other University in India.

(2) Any such privileges enjoyed from any other University before the appointed date shall be deemed to be withdrawn with effect from such date.

3. *The State Government has further stated in its letter that in view of the provisions of the Act. 6 of 1986, without obtaining the affiliation from Dr. N.T.R. University of Health Sciences, A.P., Vijayawada no institution can establish a medical college under Deemed University status.*

4. *I am of the considered opinion that in view of the federal nature of Indian polity the Council/Central Government should give respect to the Act of State Legislature and accede to the request made by the State Government. Therefore, the Competent Authority may consider recommending to the Central Government that in view of the request made by the State Government on the basis of an Act of State it would not be appropriate to further process the application for starting of MBBS course by GITAM. “*

In view of above, the Committee decided to return the application recommending disapproval of the scheme for establishment of a new medical college at Visakhapatnam, Andhra Pradesh by Gandhi Institute of Technology & Management (GITAM), Visakhapatnam, Andhra Pradesh u/s 10A of the IMCA Act, 1956 for the academic year 2014-15. since there is no provision for keeping the application pending.

The meeting ended with a vote of thanks to the Chair.
