1. Specialized services provided by the Department were inadequate.
2. No information was provided regarding stipend paid to the Residents by the Govt. of Kerala or proposed to be paid by the Teaching Institution.
3. Clinical material was inadequate. Many indoor patients did not need admission as they had minor complaints like mild headache, common cold, mild urticaria, etc. They were playing and eating and it did not look like having any serious condition for being managed at the Hospital as in patients.
4. One Asso. Professor & Two Senior Residents were rejected because of lack of experience, accounts / stipend or salary reports were not attached, etc.
5. Resultantly, there was shortage of Faculty for PG: (a) Asso. Professor: 1.
6. Shortage of Senior Resident: 3.
7. Experience certificates were not attached by many Faculty Members/ Residents.
8. Speciality clinic like Immunization clinic, Well baby clinic, Asthma clinic, Nutrition clinic were not adequate.

**179. Starting of MS (OBG) course at KPC Medical College & Hospital, Jadavpur, Kolkata under The West Bengal University of Health Sciences, Kolkata u/s 10A of the IMC Act, 1956 for the academic year 2015-16.**

Read: the Assessment Report (27th October 2014) on the physical and other teaching facilities available at KPC Medical College & Hospital, Jadavpur, Kolkata under The West Bengal University of Health Sciences, Kolkata for Starting of MS (OBG) course u/s 10A of the IMC Act, 1956 for the academic year 2015-16.

The Postgraduate Medical Education Committee considered the Assessment Report (27th October 2014) and decided to recommend to the Central Govt. to disapprove the scheme for Starting of MS (OBG) course at KPC Medical College & Hospital, Jadavpur, Kolkata under The West Bengal University of Health Sciences, Kolkata u/s 10A of the IMC Act, 1956 for the academic year 2015-16, because of the following facts:-

1. Teaching complement in each Unit was incomplete.
2. There were no Unit-wise distribution of beds.
3. Instruments were inadequate.
4. There was no laboratory Technician at the Department.
5. Space for Department, wards & OPD, Faculty Offices, class rooms & Demonstration rooms were inadequate. All the wards were actually just two rows of beds packed together with hardly one foot distance between two beds against the requirement of 1.5 metres between two beds.
6. Clinical materials were inadequate. The wards were lying vacant except for 2-3 patients at 2 wards. One ward had 8 patients admitted for management of pregnancy. Overall, it was almost NIL for Obstetrics as Consultants were having private practice chambers elsewhere at Kolkata and were admitting their private patients for LSCS operations and the students would only have to manage the post LSCS operated patients. Not even one antenatal woman was present in the ward. LSCS rate was 90-95%, indicating very few normal deliveries taking place at the hospital, which was not feasible in a Teaching Hospital.
7. OPD: There were only 2 rooms. Total number of patients were 10-15 at the time of visit by the Assessor. On asking for OPD records of the entered patients, the Assessor was informed that there was no OPD Register but only Registration was made at the MRD. After that event, as inspection became known to the other members of the Hospital, all ministerial staff were sent as patients to Gynaec OPD. There was no provision for family Planning services. No insertion of Copper-T loop was being done at the OPD for last 1-2 years. No Gynaecological minor procedure had been done at Minor OT for the preceding 2 years.
8. No HIV testing or counseling was done at OPD for Ante-Natal Clinic patients.
9. Teaching area at OPD was very small, with space for 5-6 chairs only.
10. There was no patient at Labour Ward on the day of Assessment. Record of Labour Room showed that there were only total 34 deliveries in August 2014 & 49 deliveries in September 2014, which were inadequate. There

was no delivery, normal delivery or Caesarean operation done, on the day of Assessment.

11. O.T. Register from Gynaec O.T. showed that there were only 17 Gynaec Major Surgeries in August 2014 and 10 Minor Surgeries were thus giving an average of only 0.6/day & 0.4/day, which were grossly inadequate.
12. There was no provision for USG machine at O.B.G. OPD. Although one machine was brought to OPD (probably as soon as it became known that Assessment was going on), it was neither Registered as placed in O.B.G. nor the necessary boards like "Pre-Natal Sex Determination were Not Carried Out" & Regn. No. of Center were not displayed at that room. So it was a created eye wash in order to cheat the MCI Assessor.
13. MRD: There were 20-25 patients registered for OPD (including 18-20 old Ante-Natal patients & 5-10 new patients).
14. Casualty: It had been packed with 25 beds, which were not hospital sized beds but small cots, lying very close together, so that the number could be completed. This too was created to cheat the MCI Assessor. Occupancy was 1 patient within the 25 vacant beds.
15. Although total number of OPD patients were claimed to be 29,596 for 2013, on checking with MRD, it could be verified as 11,000 – 12,000 patients only.
16. Although total number of Major Operations for 2011 was shown as 613, on checking from the Register records, for each month, there were found to be only 15-20 Gynaec Surgeries performed, thus making total maximum figure of 240 in the year. This was thus, a data mismatch.
17. Investigative workload was found to be much less than claimed by the Hospital on checking with the available Registers.
18. Specialized intensive care services were inadequate.
19. Specialized equipment was inadequate.
20. Stipend paid by Govt. of West Bengal to I/II/III year Residents is Rs. 13,650+Allowances; Rs. 14,700+Allowances & Rs. 15,750+Allowances respectively, while the Teaching Institution was paying Rs. 14,000; Rs. 15,000 & Rs. 16,000 to I/II/III year Residents respectively, which was less and not as per the Regulations.
21. Details of beds occupied at Obstetric ICU were not provided.
22. Cryocautery / LEEP was not available.
23. Death Review Meetings were not held.
24. Experience details of Dr. Sujit Kumar Ghosh, Professor & HoD as Graded Specialist, Classified Specialist and Advisor was not provided, from which his academic designations could have been calculated.
25. Other deficiencies as pointed out in the Assessment Report.

1. Total number of patients admitted (IPD) during preceding year in entire Hospital was 203568, which means 678 admissions per day as against 670 total Hospital beds, which was not feasible. This was thus, a data mismatch.
2. Total number of patients admitted (IPD) in Surgery Department during preceding year was 39508, which means 132 admissions per day against 132 beds, which was not feasible. This was thus, a data mismatch.
3. Total number of IPD patients are more than total number of OPD patients for years 2011 & 2012 as under, which was not feasible. There was thus data mismatch:

Year	Patients	
	OPD	IPD
2011	30,852	34,602
2012	35,347	35,478

4. Shortage of Senior Residents: 2. LoP for increase to 150 was granted in 2014. So, next year (2015), it would be the 1st renewal when 9 Senior Residents would be required as per the Phase-wise programme; whereas, the Teaching Institution had only 7 Senior Residents.
5. Other deficiencies as pointed out in the Assessment Report.

Mandal University, Laloo Nagar, Bihar for Increase of seats in MS (General Surgery) course u/s 10A of the IMC Act, 1956 for the academic year 2015-16.

The Postgraduate Medical Education Committee considered the Assessment Report (15th October 2014) and decided to recommend to the Central Govt. to disapprove the scheme for Increase of seats in MS (General Surgery) course at Katihar Medical College, Kathiar, Bihar under B.N. Mandal University, Laloo Nagar, Bihar u/s 10A of the IMC Act, 1956 for the academic year 2015-16, because of the following facts:-

1. Stipend paid to I/II/III year Residents by Govt. of Bihar was Rs. 43,800; Rs. 48,180 & Rs. 52,998 p.m. respectively, while, the Teaching Institution was paying stipend to I/II/III year Residents at Rs. 21,000; Rs. 23,000 & Rs. 25,000 p.m. respectively, which was less and not as per the Regulations.
2. College had obtained LoP for 4 PG admissions. However, they had admitting 5 students in 2012 and 6 students in 2011. The Dean may be asked to explain under what circumstances, these excess admissions had been executed by the Teaching Institution.
3. Total number of patients admitted in the Department (IPD) during 2013 was 42048, which means 140 admissions per day as against 120 beds, which was not feasible. At the same time, the College had said that IPD was 42048 but admissions was 7401. How do these two things be so different? If we are to take total admissions as 7401, then the total number of surgeries (Major and Minor) had been shown as 13050, which was not in consistence with the fictitious data provided by the Teaching Institution to the Assessor. Furthermore, this submission excludes 887 day care surgeries done by the Department.
4. Total OPD for the year 2013 was 43354, which means that almost every alternate patient was admitted at the Hospital (IPD 42048), which fact could not be feasible.
5. Other deficiencies as pointed out in the Assessment Report.

2. Indoor Hospital Register was incomplete and the 3 year records were not made available to the Assessor.
3. At O.T., the Record Book appeared completed in a hurry and it did not appear as to have been genuinely recorded by the Authors at that Department.
4. Cross verification between E.N.T., Surgery & Histopathology was not matching. The number of Histopathology/FNAC from the Department was very poor.
5. Records of previous Audiological tests like BERA, Impedance were not made available to the Assessor.
6. Workload was less so as to sustain the PG Teaching Programme.
7. Procedures like Stapedectomy, Laryngectomy, Bronchoscopy, Laryngo/Tracheoplasty, Maxillectomy, Rhinoplasty had not been performed in the preceding 3 years.

8. Total number of patients admitted (IPD) for the year 2013 was 7067, which means that 24 admissions per day as against 30 beds, which was not feasible.
9. IPD of the preceding year had been shown as 7118 on page 2 of the SAF and 8945 on page 3 of the SAF, which was thus, a data mismatch.
10. All these facts indicate that data was non-genuine and fictitious.
11. Other deficiencies as pointed out in the Assessment Report.

Read: the Assessment Report (20/11/2014) on the physical and other teaching facilities available at Khaja Banda Nawaz Institute of Medical Sciences, Gulbarga under Rajiv Gandhi University of Health Sciences, Karnataka for Starting of MS (General Surgery) course u/s 10A of the IMC Act, 1956 for the academic year 2015-16.

The Postgraduate Medical Education Committee considered the Assessment Report (20/11/2014) and decided to recommend to the Central Govt. to disapprove the scheme for Starting of MS (General Surgery) course at Khaja Banda Nawaz Institute of Medical Sciences, Gulbarga under Rajiv Gandhi University of Health Sciences, Karnataka u/s 10A of the IMC Act, 1956 for the academic year 2015-16, because of the following facts:-

1. Major and Minor Operations data for 3 years on page 2 of the SAF and page 20 of the SAF were different, which means data was non-genuine and fictitious.
2. Major Operations in 2013 had been shown as 4716, which means 16 operations per day but from Anaesthesia Register, they had been shown as 2-3 on the day prior to Assessment.
3. College obtained first LoP on 17/02/2000. However, Dr. Maqbool Ahmed Sagri, Professor & HoD had been issued teaching experience from 15/01/1999, which was not permissible.
4. Dr. Mohammad Moinuddin, Professor had been issued teaching experience from 01/01/1999, which was not permissible.
5. Other deficiencies as pointed out in the Assessment Report.
