The Postgraduate Medical Education Committee considered the matter with regard to recognition of MD/MS (Anatomy) qualification for 4 seats in respect of students being trained at Mahatma Gandhi Medical College and Hospital, Jaipur under Rajasthan University of Health Sciences, Jaipur along with the letter dated 25/03/2015 received from the Ministry of Health & Family Welfare, New Delhi and Court Orders dated 04/10/2013 & 16/10/2014 passed by the Hon'ble Rajasthan High Court, Jaipur Bench, Jaipur and the Members of Postgraduate Committee perused the facts of the case & observed that the course of M.D.(Anatomy) was started after LOP was granted by the Govt. of India in 2009-2010 after due recommendation by MCI. As the application for recognition u/s 11(2) was not received in the office of MCI, the assessment could not be carried out at that time. Now the institute has stopped running the course so there is no scope for any examination in future.

The degree of M.S. awarded by Rajasthan University of Health Sciences is already recognized in respect of other institutes within its ambit. Therefore the examination part of the assessment may be done away with in such peculiar circumstances as a special case.

However, available facilities of faculty & infrastructure at the institute would have to be assessed as that component has to be fulfilled by each individual institute. The institute is running M.B.B.S. course and therefore the department of Anatomy has to be fully functional.

In view of above, it was decided to carry out an assessment for verification of available facilities at the institute.
