54. Starting of DM (Nephrology) course at JSS Medical College, Mysore under JSS University, Mysore U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

Read: the Compliance Verification Assessment Report (08/11/2016) along with the Council Assessor's Report (15/02/2016) and letter of permission dated 20/08/2016 received from the Central Government in light of directives dated 23/09/2016 of the Supreme Court mandated Oversight Committee for Starting of DM (Nephrology) course at JSS Medical College, Mysore under JSS University, Mysore U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 20/08/2016 addressed to the JSS Medical College, Mysore granted Letter of Permission for Starting of DM (Nephrology) course for 2 seats for the academic year 2016-17, in light of directive dated 23/09/2016 of the Supreme Court mandated Oversight Committee subject to submission of the following:

- i. *An affidavit from the Dean/Principal and Chairman of the Trust/Society/University/Company etc concerned, affirming fulfillment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.*
- ii. *A bank guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application.*
- iii. *Government Colleges would submit an undertaking on the same lines, which are signed by Chief Secretary/Health Secretary of the respective State to MHFW.*

2. *The OC has also stipulated as follows:*
 - (a) OC may direct inspection to verify the compliance submitted by the college and considered by OC, anytime after 30 September 2016.*
 - (b) In default of the conditions (i) (ii) and (iii) in para 1 above as applicable, and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college (including Government College) will be debarred from fresh intake of students for 2 years commencing 2017-18.*

Thereafter in pursuance of the directives of the Oversight Committee dated 24/09/2016, the assessment of the JSS Medical College, Mysore has been carried out by the Council Assessor on 08/11/2016. The assessment report was considered by the Postgraduate Medical Education Committee in its meeting held on 30/11/2016, wherein the Committee observed as under:-

1. One remark pointed out earlier was regarding ineligibility of Dr. Manjunath M. Shetty, Professor & HOD who had passed DNB from non-teaching institute and at the time of his initial appointment as Assistant Professor did not have 3 years teaching experience in a medical college. Presently, his experience has been altered retrospectively so as to show his experience from 12/09/2005 to 11/09/2008 as Senior Resident instead of from 12/09/2005 to 31/12/2007 as Assistant Professor & from 01/01/2008 to 31/12/2011 as Associate Professor as shown in earlier assessment of February 2016. Such retrospective changes to make him eligible are not permissible. Hence deficiency remains as it is. There is no other Professor in the department.
2. Another remark pertained to Dr. C. Manoj, Senior Resident who does not have any experience as Resident in a medical college before appointment as Senior Resident against requirement of 3 years and hence not qualified to hold the post. Explanation given by the institute cannot be considered as it speaks of "such candidates shall undergo one additional year's Senior Residency or equivalent training or research in a MCI recognized institution". This Regulation only allows such candidate to be eligible if they undergo 1 additional year's Senior Residency. It does not permit to appoint a person as a Senior Resident even if he does not have 3 year experience as Resident in a medical college hospital. Hence Dr. C. Manoj is not eligible to be appointed as Senior Resident & the deficiency is not rectified. There is no other Senior Resident in the Unit.
3. Both the deficiencies pointed out in earlier report stays as such.
4. Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 26/04/2016, the Postgraduate Committee had recommended to the Central

Government not to grant Letter of Permission in view of the following deficiencies:-

Compliance is not satisfactory.

- 1. Deficiency of ineligibility of Dr. Majunath Shetty, Professor & HOD remains as it is.*
- 2. Dr. C. Manoj does not have 3 years experience as Resident in Nephrology; hence not qualified to hold the post. Deficiency remains as it is.*
- 3. Other deficiencies as pointed out in the Assessment Report.*

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. Accordingly, the Postgraduate Committee recommends that as per the directions passed by Oversight Committee in para 2(b) vide communication dated 20/08/2016 the college should be debarred from admitting students in the above course for a period of two academic years i.e. 2017-18 & 2018-19 as even after giving an undertaking that they have fulfilled the entire infrastructure for starting the super-speciality course in the speciality of **DM (Nephrology)** the college was found to be grossly deficient. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by the college in pursuance of the directives passed by the Oversight Committee as well as GOI letter dated 20/08/2016 is liable to be encashed.

The decision be conveyed to the Oversight Committee and Central Govt.

3. Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 12/05/2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies :-

1. *As per report, there was no JR in the department by the name Dr. D.Indira. There were two JR (Jagdish Kumar B & Dogga Sudhakar) names in the compliance. It is shown that Dr.D.Indira worked as JR in the department from 8.4.2013 to 8.4.2016 and promoted SR on 9.4.2016 which is not feasible. The PG Committee decided to seek clarification from the Dean and D.Indira for the same within two weeks.*

- (1) None of 5 persons shown as Senior Residents has 3 years' experience in Infectious Diseases; hence not qualified to hold the post. Deficiency remains as it is.
1. The contention of college authorities that there is no requirement of Sr. Resident in super-speciality courses is incorrect. As per General instructions in MSR regarding requirements of staff in clinical departments, it is clearly laid down that minimum staff complement in each unit shall consists of Professor, Associate Professor, Assistant Professor, Sr. Resident and Jr. Resident. This is also clarified in the decision of the General Body of the Council held in its meeting dated 11/03/2010 that for calculating requirement of Sr. Resident a unit with 30 beds will be considered as unit in Broad specialties and a unit with 20 beds in super-specialities.

The Postgraduate Committee further noted that in its meeting held on 06/05/2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies :-

58. Starting of M.Ch. (Gynaecological oncology) course at Christian Medical College, Vellore, Tamilnadu under The Tamilnadu Dr. MGR Medical University, Chennai U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

Read: the Compliance Verification Assessment Report (04/11/2016) along with the Council Assessor's Report (24th February 2016) and letter of permission dated 20/08/2016 received from the Central Government in light of directives dated 23/09/2016 of the Supreme Court mandated Oversight Committee for Starting of M.Ch. (Gynaecological oncology) course at Christian Medical College, Vellore, Tamilnadu under The Tamilnadu Dr. MGR Medical University, Chennai U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 20/08/2016 addressed to the Christian Medical College, Vellore, Tamilnadu granted Letter of Permission for Starting of M.Ch. (Gynaecological oncology) course for 2 seats for the academic year 2016-17, in light of directive dated 23/09/2016 of the Supreme Court mandated Oversight Committee subject to submission of the following:

- i. An affidavit from the Dean/Principal and Chairman of the Trust/Society/University/Company etc concerned, affirming fulfillment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.*
- ii. A bank guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application.*

iii. Government Colleges would submit an undertaking on the same lines, which are signed by Chief Secretary/ Health Secretary of the respective State to MHFW.

2. The OC has also stipulated as follows:

- (a) OC may direct inspection to verify the compliance submitted by the college and considered by OC, anytime after 30 September 2016.
- (b) In default of the conditions (i) (ii) and (iii) in para 1 above as applicable, and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college (including Government College) will be debarred from fresh intake of students for 2 years commencing 2017-18.

Thereafter in pursuance of the directives of the Oversight Committee dated 24/09/2016, the assessment of the Christian Medical College, Vellore, Tamilnadu has been carried out by the Council Assessor on 04/11/2016. The assessment report was considered by the Postgraduate Medical Education Committee in its meeting held on 30/11/2016, wherein the Committee observed as under:-

1. Dr. Abraham Peedicayil, Professor & HOD is promoted as Professor on 09/07/2016 - i.e. after cut-off date; however the column of "Benefit of publications" in the faculty table is left blank implying NIL publications against requirement of 4; hence his promotion is not as per Regulations & he cannot be considered. Further in the present report he is shown as under:

#	Designation	Department	Period	
			From	To
1	Professor	OBG	23/04/1997	11/08/2008
2	Special Training		12/07/2008	08/07/2011
3	Asst. Prof.	Gynaec. Oncology	09/07/2011	08/07/2013
4	Asso. Prof.	Gynaec. Oncology	09/07/2013	08/07/2016
5	Professor	Gynaec. Oncology	09/07/2016	Till date

However in the previous report of assessment dt. 24/02/2016, he is shown as under, which is at variance which is being shown in the present report:

#	Designation	Department	Period	
			From	To
1	Professor	O.G.	23/04/1997	07/07/2015
2	Professor	Gynaec. Oncology	08/07/2015	Till date

Thus there is change in the details of experience with retrospective effect so as to make him eligible which is not permissible.

2. Out of 4, Dr. Ajit Sebastian, Dr. P.S. Bhageerathy were not available on the assessment day. They also do not have 3 year experience as Jr.

Resident in Gynaecological Oncology. Hence, not eligible. Tutor is not a Designation in clinical subjects.

3. Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 06.05.2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies :-

1. *Still there is no independent department of Gynaecological Oncology. It is a unit under the department of OBGY.*
2. *As per compliance submitted by the college authorities, they have said that first two years of service in the institute may be treated as training which is not permissible.*
3. *If Dr. Rachel Chandy and Amit Thomas are to be demoted, it is to be done by the institute and not by MCI.*
4. *If Dr. Ajit Sebastian is to be made Senior Resident, the college authorities have to do it and not by MCI. MCI cannot remove any person from the list and cannot demote any person.*
5. *All special training/fellowship of HOD Dr. Abraham Peedicayil is after he completed his Assistant Professorship. He has no 02 year special training at the time of joining as Asstt.Prof. in the department.*
6. *Other deficiencies as pointed out in the Assessment Report.*

The Committee noted that factual matrix in respect of Dr. Abraham Peedicayil, as noted above brings out that the College has submitted fake and forged documents for the purpose of obtaining permission. Further, the Committee decided that it may be brought to the notice of the Dean/Principal that the Declaration Forms in respect of the said faculty member has been duly signed by the Principal/Dean of the college that were submitted for the purpose of obtaining permission to start postgraduate course in M.Ch. (Gynaecological oncology) course at Christian Medical College, Vellore, Tamilnadu under The Tamilnadu Dr. MGR Medical University, Chennai U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17 and the clear presumption is that the college authorities have connived and submitted fake and forged documents with the purpose of obtaining positive recommendation from the Council for the starting of M.Ch. (Gynaecological oncology) course at Christian Medical College, Vellore, Tamilnadu under The Tamilnadu Dr. MGR Medical University, Chennai U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee in its meeting held on 30/11/2016 that the above misdemeanor on part of the college has been viewed seriously by the Committee and it is presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“ ...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form

of such a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also."

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 10 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

The Committee also decided to refer the matter to the Ethics Committee.

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. Accordingly, the Postgraduate Committee recommends that as per the directions passed by Oversight Committee in para 2(b) vide communication dated 20/08/2016 the college should be debarred from admitting students in the above course for a period of two academic years i.e. 2017-18 & 2018-19 as even after giving an undertaking that they have fulfilled the entire infrastructure for starting the super-speciality course in the speciality of M.Ch. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by the college in pursuance of the directives passed by the Oversight Committee as well as GOI letter dated 20/08/2016 is liable to be encashed.

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 20/08/2016 addressed to the Nilratan Sircar Medical College, Kolkata, West Bengal granted Letter of Permission for Starting of DM (Cardiac Anaesthesia) course for 2 seats for the academic year 2016-17, in light of directive dated 23/09/2016 of the Supreme Court mandated Oversight Committee subject to submission of the following:

- i. *An affidavit from the Dean/Principal and Chairman of the Trust/Society/University/Company etc concerned, affirming fulfillment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.*
- ii. *A bank guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application.*

iii. Government Colleges would submit an undertaking on the same lines, which are signed by Chief Secretary/ Health Secretary of the respective State to MHFW.

2. The OC has also stipulated as follows:

- (b) In default of the conditions (i) (ii) and (iii) in para 1 above as applicable, and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college (including Government College) will be debarred from fresh intake of students for 2 years commencing 2017-18.

Thereafter in pursuance of the directives of the Oversight Committee dated 24/09/2016, the assessment of the Nilratan Sircar Medical College, Kolkata, West Bengal has been carried out by the Council Assessor on 04/11/2016. The assessment report was considered by the Postgraduate Medical Education Committee in its meeting held on 30/11/2016, wherein the Committee observed as under:-

1. With regard to deficiency of **Dr. Anupam Goswami, Professor & HOD** being not eligible as he does not have certificate of 2 years' special training in Cardiac Anaesthesia In the faculty table, his experience is shown as under:

#	Designation	Department	Period	
			From	To
1	Asst. Prof.	Anaesthesiology (CTVS OT)	25/04/1995	24/05/2000
2	Asso. Prof.	Anaesthesiology (CTVS OT)	24/05/2000	24/05/2004
3	Professor	Cardiac Anaesthesia	11/02/2011	10/12/2015
			11/02/2015	Till Date

From this it appears that the period spent by him in department of Anaesthesiology is being shown as training period as he worked in CTVS OT, which is not permissible. Further, he is transferred straightaway as Professor in Cardiac Anaesthesia from the parent department of Anaesthesiology, which is not as per regulations.

2. With regard to deficiency of **Dr. Haripada Das** being not eligible as he does not have certificate of 2 years' special training in Cardiac Anaesthesia In the faculty table, his experience is shown as under:

#	Designation	Department	Period	
			From	To
1	Asst. Prof.	Anaesthesiology (CTVS OT)	19/01/2012	30/11/2015
2	Asst. Prof.	Cardiac Anaesthesia	01/12/2015	Till date

From this it appears that the period spent by him in department of Anaesthesiology is being shown as training period as he worked in CTVS OT, which is not permissible.

3. With regard to deficiency of Senior Resident, this Institute has also pointed out that SR is not mandatory as per Para 11.1 of PG Medical Education Regulations. However, Dr. Monalisa Dutta is D.M. in Cardiac Anaesthesia) & shown as Senior Resident. However in faculty table she is designated as RMO cum Clinical Tutor, and not Sr. Resident.
4. The contention of college authorities that there is no requirement of Sr. Resident in super-speciality courses is incorrect. As per General instructions in MSR regarding requirements of staff in clinical departments, it is clearly laid down that minimum staff complement in each unit shall consists of Professor, Associate Professor, Assistant Professor, Sr. Resident and Jr. Resident. This is also clarified in the decision of the General Body of the Council held in its meeting dated 11/03/2010 that for calculating requirement of Sr. Resident a unit with 30 beds will be considered as unit in Broad specialties and a unit with 20 beds in super-specialities.
5. Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 06/05/2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies :-

1. *Dr. Aniruddha Saha, Senior Resident does not possess 3 years experience in the department of Cardiac Anaesthesia; hence not qualified to hold the post.*
2. *Dr. Haridas Pada, Asst. Professor not eligible. There is no Certificate of 2 years special training in Cardiac Anaesthesia attached. Hence, not eligible.*
3. *Dr. Anupam Goswami is not eligible. There is no Certificate of 2 years special training in Cardiac Anaesthesia attached. Hence, not eligible.*
4. *Other deficiencies as pointed out in the Assessment Report.*

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by

5. *Other deficiencies as pointed out in the Assessment Report.*

The Committee noted that factual matrix in respect of Dr. B. Rajammal and Dr. Jaya Benny as noted above brings out that the College has submitted fake and forged documents for the purpose of obtaining permission. Further, the Committee decided that it may be brought to the notice of the Dean/Principal that the Declaration Forms in respect of the said faculty member has been duly signed by the Principal/Dean of the college that were submitted for the purpose of obtaining permission to start postgraduate course in DM (Reproductive Medicine) course at Amrita School of Medicine, Elamkara, Kochi, Kerala under Amrita Vishwa Vidyapeetham University (Deemed), Coimbatore U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17 and the clear presumption is that the college authorities have connived and submitted fake and forged documents with the purpose of obtaining positive recommendation from the Council for the starting of DM (Reproductive Medicine) course at Amrita School of Medicine, Elamkara, Kochi, Kerala under Amrita Vishwa Vidyapeetham University (Deemed), Coimbatore U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee in its meeting held on 30/11/2016 that the above misdemeanor on part of the college has been viewed seriously by the Committee and it is presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form of such a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.”

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within

10 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

The Committee also decided to refer the matter to the Ethics Committee.

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. Accordingly, the Postgraduate Committee recommends that as per the directions passed by Oversight Committee in para 2(b) vide communication dated 20/08/2016 the college should be debarred from admitting students in the above course for a period of two academic years i.e. 2017-18 & 2018-19 as even after giving an undertaking that they have fulfilled the entire infrastructure for starting the super-speciality course in the speciality of DM (Reproductive Medicine) the college was found to be grossly deficient. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by the college in pursuance of the directives passed by the Oversight Committee as well as GOI letter dated 20/08/2016 is liable to be encashed.

The decision be conveyed to the Oversight Committee and Central Govt..

The minutes of this item is read and confirmed in this meeting itself.

The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (06/10/2016) along with the Council Assessor's Report (April, 2015&11.04.2016) and compliance dated 14/06/2016 submitted by the college authorities and 20/06/2016 (received through the Central Government vide letters dated 22/06/2016 and 30/06/2016) submitted by the college authorities and decided to recommend not to recognizeMD/MS(OBG) qualification against increased intake from 02 to 03 seats granted by Amrita Vishwa Vidyapeetham University in respect of students being trained at Amrita School of Medicine, AIMS, Kochi because of the following facts:-

1. In the earlier assessment report, one deficiency pointed out was *Dr. S. Sudha is promoted as Asso. Prof.after cut-off date without any publications which is not as per Regulations.*Submission of the Institute that she has applied to MCI for clarification&till the clarification is received from MCI, it has decided to maintain status quo is not tenable&cannot be considered, particularly in view of the fact that the deficiency has already been pointed out while considering previous assessment report. Deficiency still continues. The MCI has asked her to provide some documents which she has not provided till date.

Further, in this regard, it was observed that in the present assessment, her experience is shown as under:

#	Designation	Department	Period
---	-------------	------------	--------

			From	To
1	Assistant Professor	O.G.	01/01/2002	31/12/2006
2	Associate Professor	O.G.	01/01/2007	30/12/2010
3	Professor	O.G.	01/01/2011	Till date

However, in the earlier assessment report dt. 11/04/2016, her experience is shown as under which is at variance with that shown in the present assessment report:

#	Designation	Department	Period	
			From	To
1	Senior Resident	O.G.	01/01/2003	30/09/2010
2	Assistant Professor	O.G.	01/10/2010	30/09/2015
3	Associate Professor	O.G.	01/10/2015	Till date

Such retrospective changes in cadres&experience are not permissible.

3. Academic calendar is not available. Records of PG Theory classes, seminars, Journal Clubs, Grand rounds are not systematically maintained.

As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

“This permission for starting/increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject.”

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 10 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

The Committee also decided to refer the matter to the Ethics Committee.

109. Starting of DM (Critical Care Medicine) course at Bharati Vidyapeeth Deemed University Medical College&Hospital, Pune under Bharati Vidyapeeth University (Deemed), Pune U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

Read: the Compliance Verification Assessment Report (18/11/2016) along with the Council Assessor's Report (30th November 2015) and letter of permission dated 20/08/2016 received from the Central Government in light of directives dated 23/09/2016 of the Supreme Court mandated Oversight Committee for Starting of DM (Critical Care Medicine) course at Bharati Vidyapeeth Deemed University Medical College & Hospital, Pune under Bharati Vidyapeeth University (Deemed), Pune U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 20/08/2016 addressed to the Bharati Vidyapeeth Deemed University Medical College & Hospital, Pune granted Letter of Permission for Starting of DM (Critical Care Medicine) course for 2 seats for the academic year 2016-17, in light of directive dated 23/09/2016 of the Supreme Court mandated Oversight Committee subject to submission of the following:

- i. *An affidavit from the Dean/Principal and Chairman of the Trust/Society/University/Company etc concerned, affirming fulfillment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.*
- ii. *A bank guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application.*
- iii. *Government Colleges would submit an undertaking on the same lines, which are signed by Chief Secretary/Health Secretary of the respective State to MHFW.*

2. *The OC has also stipulated as follows:*

- (a) *OC may direct inspection to verify the compliance submitted by the college and considered by OC, anytime after 30 September 2016.*
- (b) *In default of the conditions (i) (ii) and (iii) in para 1 above as applicable, and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college*

(including Government College) will be debarred from fresh intake of students for 2 years commencing 2017-18.

Thereafter in pursuance of the directives of the Oversight Committee dated 24/09/2016, the assessment of the Bharati Vidyapeeth Deemed University Medical College & Hospital, Pune has been carried out by the Council Assessor on 18/11/2016. The assessment report was considered by the Postgraduate Medical Education Committee in its meeting held on 30/11/2016, wherein the Committee observed as under:-

1. Experience of Dr. Shivkumar S. Iyer as Senior Resident, Lecturer & Assistant Professor has been changed from ICU department in earlier report to Critical Care Medicine in the present report as under:

From	To	Designation	Department Shown in Assessment Dt.	
			30/11/2015	18/11/2016
20/03/92	09/01/94	Lecturer	ICU	Critical Care Medicine
17/07/01	16/07/03	Senior Resident	ICU	Critical Care Medicine
17/07/03	29/07/09	Assistant Professor	ICU	Critical Care Medicine

Ostensibly such a change has been made because while considering assessment report dt. 30/11/2015, PG Committee at its meeting dt. 15/03/2016 had decided that *"Prof. S.S. Iyer has not worked as Asst. Prof. in Critical Care Medicine. His experience in ICU cannot be counted. Resultantly his promotion is not as per Regulations."* Contention of the institute that "Intensive Care Medicine" & "Critical Care Medicine" are synonymous is neither relevant nor applicable as "Intensive Care Medicine" is different from "ICU" and as such "ICU" forms a small segment of "Critical Care Medicine". Such retrospective changes are not permissible.

Further, although he is promoted as Professor after cut-off date, details of his research publications are not provided in the faculty table.

In view of above, he cannot be considered. Deficiency remains as such.

2. Dr. Sampada Kulkarni; Dr. Prashant Jedge; Dr. Abhay Khare, all Senior Residents do not have 3 years experience as Resident in the department of Critical Care Medicine; hence not qualified to hold the post.
3. Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 13/04/2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies :-

1. Experience of Dr. S.S. Iyer as Senior Resident, Lecturer and Asst. Professor has been changed from ICU (earlier report) to Critical Care Medicine in the compliance, which is not permissible.
2. Other deficiencies as pointed out in the Assessment Report.

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the

aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. Accordingly, the Postgraduate Committee recommends that as per the directions passed by Oversight Committee in para 2(b) vide communication dated 20/08/2016 the college should be debarred from admitting students in the above course for a period of two academic years i.e. 2017-18 & 2018-19 as even after giving an undertaking that they have fulfilled the entire infrastructure for starting the super-speciality course in the speciality of DM (Critical Care Medicine) the college was found to be grossly deficient. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by the college in pursuance of the directives passed by the Oversight Committee as well as GOI letter dated 20/08/2016 is liable to be encashed.

The decision be conveyed to the Oversight Committee and Central Govt.

2. The contention of college authorities that there is no requirement of Sr. Resident in super-speciality courses is incorrect. As per General instructions in MSR regarding requirements of staff in clinical departments, it is clearly laid down that minimum staff complement in each unit shall consists of Professor, Associate Professor, Assistant Professor, Sr. Resident and Jr. Resident. - 132. Starting of DM (Nephrology) course at T D Medical College, Alleppey, Allappuzha, Kerala under Kerala University of Health Sciences, Thrissur U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.**

Read: the Compliance Verification Assessment Report (07/11/2016) along with the Council Assessor's Report (25th February 2016 and 2nd May, 2016) and order dated 29/08/2016 received from the Central Government for Starting of DM (Nephrology) course at T D Medical College, Alleppey, Allappuzha, Kerala under Kerala University of Health Sciences, Thrissur U/s 10(A) of the IMC Act, 1956 for the academic year 2016-17.

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 15/06/2016 addressed to the T D Medical College, Alleppey, Allappuzha, Kerala had granted permission for Starting of DM (Nephrology) course for 2 seats for the academic year 2016-17 in the light of order dated 08.08.2016 of the Hon'ble High Court of Kerala which read as under:-

- "1. This writ petition is instituted in public interest.*
- 2. We have heard learned counsel for the petitioner, learned Senior Government Pleader, learned counsel for Medical Council of India and learned counsel for KUHAS.*

3. There are five reputed medical colleges under the Government of Kerala though some new ones have also mushroomed up under the Government. The five Medical Colleges of Thiruvananthapuram, Kottayam, Alappuzha, Thrissur and Kozhikode have Departments of Nephrology attached to them. In all those centres, there are facilities to have DM Nephrology, which is of critical importance in the matter of academics to ensure that there is sufficient manpower to face situations of nephrological failures, including secondary problems emanating out of Dengue Fevers etc.

4. In its substance, the writ petition reflects the grievance of the marginalised sectors of Alappuzha District which say that DM Nephrology course is not being extended for the current year under the premises that there is deficiency of staff and other factors. The MCI had conducted an inspection and found that two teachers, who were posted there, had not cleared the requirement of published papers before the cut off date. In the normal circumstances, we would not have come to the aid of an educational institution if we were to see that it is merely an attempt by an establishment to get seats created for advancing education and also may be, its institutional interest. But here is a case where Government caters to the larger interest of the public including the socio-economically marginalized. Under such circumstances, following previous deliberations, the State Government has transferred two teachers from two other colleges to Alappuzha Medical College. Both those two teachers now available are those who are stated to be fully qualified before the cut off date. Under such circumstances, all that remains is certain other infrastructure facilities which are of minor importance and will not have a sizable negative impact on the course at its commencement at least.

5. The pleadings reflect that there is a large-scale problem in the health sector in Alappuzha District including the Kuttanadu Belt where water logging has led to uncontrollable mosquito breeding and resultant Dengue, which is established to be one of the reasons for renal failure leading to requirement for dialysis and other supports. Such support mechanism for the marginalized class could be extended only through personnel who are at least undergoing DM Nephrology programs. It is also the requirement that people have access to the public facility through a Medical College rather than be pushed off to the private sector where it will be very costly to have medical support.

6. Taking the larger public interest into consideration, we order that the Union of India and the Medical Council of India will provisionally grant the requisite clearance and letter of permission and Kerala University of Health & Allied Sciences (KUHAS) will give provisional affiliation or permission to have the course of DM Nephrology in the Alappuzha Medical College provisionally and subject to further orders in this writ petition, for two seats. We record the submission that there is a select list of available candidates as with the Director of Medical Education. Let the students who are taken into the course be notified at the time of admission, in writing, that they are being taken on provisional basis in terms of this provisional order and that everything will be subject to final decision of this writ petition.

7. We are sure that the Central Government and the Medical Council of India as well as the KUHAS will have a pro-active approach, having regard to the objects sought to be achieved through this order and therefore, the Medical Council of India and the Central Government will do the needful taking into consideration the letter and spirit of this order, without fail, at any rate before 26.8.2016.

Let the decision of the Medical Council of India and the Union of India be placed before this Court, within a period of one month."

The Postgraduate Medical Education Committee noted that the Central Government vide its letter dated 20/08/2016 addressed to the Medical College, Thiruvananthapuram granted Letter of Permission for Starting of DM (Endocrinology) course for 2 seats for the academic year 2016-17, in light of directive dated 23/09/2016 of the Supreme Court mandated Oversight Committee subject to submission of the following:

- i. *An affidavit from the Dean/Principal and Chairman of the Trust/Society/University/Company etc concerned, affirming fulfillment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.*

 - (b) *In default of the conditions (i) (ii) and (iii) in para 1 above as applicable, and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college (including Government College) will be debarred from fresh intake of students for 2 years commencing 2017-18.*

Thereafter in pursuance of the directives of the Oversight Committee dated 24/09/2016, the assessment of the Medical College, Thiruvananthapuram has been carried out by the Council Assessor on 07/11/2016. The assessment report was considered by the Postgraduate Medical Education Committee in its meeting held on 30/11/2016, wherein the Committee observed as under:-

1. Experience of Dr. P.K. Jabbar as Senior Resident, Lecturer & Assistant Professor has been changed from General Medicine department in earlier report to Endocrinology department in the present report as under:

From	To	Designation	Department Shown in Assessment Dt.	
			09/03/2016	07/11/2016
11/07/1997	19/08/2008	Assistant Professor	Medicine & Endocrinology	
01/01/1998	19/08/2008	Assistant Professor		Endocrinology
20/08/2008	24/08/2012	Associate Professor	Medicine & Endocrinology	Endocrinology
25/08/2012	Till date	Professor	Endocrinology	Endocrinology

Ostensibly such a change has been made to make him eligible because while considering assessment report dt. 09/03/2016, PG Committee at its meeting dt. 23/03/2016 had decided that *“Dr. P.K. Jabbar, Professor & HOD has been appointed straightaway as Professor of Endocrinology from the post of Professor of Medicine on 17/08/2012. His experience is at this institute which is yet to receive permission to start PG course in Endocrinology.”* Such retrospective changes are not permissible. Hence he cannot be considered. Deficiency remains as such.

- Another remark pointed out in earlier assessment was regarding Dr. C. Jayakumari, Asso. Prof. as she possesses M.D. qualification but no evidence of her receiving training in Endocrinology is shown. She was appointed straightaway as Asso. Prof. of Endocrinology from post of Asso. Prof. of General Medicine after cut-off date. However details of research publications were not provided. - General Endocrinology OPD runs only once a week. On remaining days only Special clinics are held pertaining to a particular organ like Thyroid or disease like Diabetes or system like Reproductive Endocrinology which cannot be equated with general Endocrinology OPD. Deficiency remains as it is.
- Other deficiencies as pointed out in the Assessment Report.

The Postgraduate Committee further noted that in its meeting held on 12/05/2016, the Postgraduate Committee had recommended to the Central Government not to grant Letter of Permission in view of the following deficiencies:-

Compliance is not satisfactory.

- Deficiency regarding appointment of Dr. P.K. Jabbar & Dr. Jayakumari remain as they are.*
- There is no Senior Resident having 3 years experience as Resident in the subject.*

Jabbar as to why the college should not be debarred from the processing of applications for postgraduate courses for 2 academic years i.e. 2017-18 & 2018-19.

The Committee also decided to refer the matter to the Ethics Committee.

In view of the above, the college had failed to abide by the undertaking it had given to the Central Govt. that there are no deficiencies in respect of the aforesaid course as per clause 1(ii) of the directions passed by the Supreme Court mandated Oversight Committee vide communication dated 20/08/2016. The Postgraduate Committee, after due deliberation and discussion, have decided that the college has failed to comply with the stipulation laid down by the Oversight Committee. It has also been decided by the Post Graduate Committee that the Bank Guarantee furnished by the college in pursuance of the directives passed by the Oversight Committee as well as GOI letter dated 20/08/2016 is liable to be encashed.

The decision be conveyed to the Oversight Committee and Central Govt..
